

Dan Baker

WEB DEVELOPER/DESIGNER

Hello my name is Dan Baker and I'm a Web Designer/Developer living in Greenville, Rhode Island. I like to keep my designs clean & simple with an emphasis on functionality, compatibility, and responsiveness. Other things I enjoy are riding my bike and playing my guitar.

WORK EXPERIENCE

COMMUNITY COLLEGE OF RHODE ISLAND

Web Designer / Developer
May 2015 - Current

My duties at CCRI include maintaining the current site, training content managers, supervising student workers, creating new pages and sites as needed, staying up to date with best practices and procedures, Staying up to date with Omni Updater our CMS, image optimization, HTML5 / CSS3, Redesigning the site for responsive layout, Bootstrap, UI / UX design, Accessibility, Javascript / JQuery

RHODE ISLAND PUBLIC SCHOOL SYSTEM

Substitute Teacher, All Subjects
Oct 2014 - May 2015

As a substitute teacher I taught kids 4th through 12th grade a variety of subjects including computer, art, and music classes which were my favorite. My responsibilities included, making sure the students had a good understand of the teachers lesson, class preparation, and supervision of the children.

BARRINGTON GUITAR SCHOOL

Owner /instructor
June 2013 - 2016

I started the Barrington Guitar School when I moved to Rhode Island in 2013. My duties include teaching the students, advertising/ marketing, staying organized, and scheduling. I also designed and implemented the website www.barringtonguitarschool.com.

ARCHITECTURAL OPENINGS

Wood Worker/ Designer
August 2006 - May 2013

I started working at Architectural Openings as a wood worker building custom European style windows and doors. My duties included milling and building windows and doors based on the drawings. I also started to help out in the design department learning how to do CAD drawings which helped me to decide on a career in web design.

EDUCATION

COMMUNITY COLLEGE OF RHODE ISLAND

Web Technology Major
May 2014 - September 2014

I studied in the Web Technology Department at CCRI taking select classes. While there I gained valuable knowledge about HTML/ CSS, Dreamweaver, and basic programming.

BERKLEE COLLEGE OF MUSIC

Bachelor's Degree in Professional Music
Graduated December 2005

I went to Berklee to pursue my love of music, while there I focused on Jazz and composition. I first started experimenting with web design during my time at Berklee having to promote my own music.

MARSHFIELD HIGH SCHOOL

Graduated 1998

During High School I spent most of my time in the art and music rooms. I played in the Jazz Band and won multiple awards for both my music as well as my art.
